

## MY WONDERFUL MOMENT

Time is passed...months are passed,  
But you are always in my mind.  
I tried to forgot you but it seems impossible.

Two months to work together  
Only glances between us  
I couldn't talk with you, I liked you

**You looked in my green eyes and I looked in your blue eyes**  
**Oh, were wonderful your eyes**  
**I liked listening your voice**  
**But between us words were unnecessary**

Finally one night we went out together  
We weren't alone. There were other friends  
And at the beginning we didn't talk..it's strange relationship

When the music started you asked me to open dance with you  
When we danced there were only us  
Our friends looked us as a new love was borning

**You looked in my green eyes and I looked in your blue eyes**  
**Oh, were wonderful your eyes**  
**I liked listening your voice**  
**But between us words were unnecessary**

Maybe we drank too much but I liked it  
You were so sweet. We were so close.  
You wanted kiss me and I too, but we worked together  
We said: things about tomorrow....no kisses there were  
But we were so closed

**You looked in my green eyes and I looked in your blue eyes**  
**Oh, were wonderful your eyes**  
**I liked listening your voice**  
**But between us words were unnecessary**

It was a wonderful night  
But the day later was a bad day for me  
It was a Sunday afternoon and you weren't  
But there was a friend of us that you called in the morning  
saying that you didn't remember anything about me

You said who you drank too much  
No words between us from that day  
No explanations. As anything was happened

**You looked in my green eyes and I looked in your blue eyes**  
**Oh, were wonderful your eyes**  
**I liked listening your voice**  
**But between us words were unnecessary**

**You looked in my green eyes and I looked in your blue eyes**  
**Oh, were wonderful your eyes**  
**I liked listening your voice**  
**But between us words were unnecessary**

Maybe it was only a moment
